

# Proceed with support

## Philips Respironics bronchoscopy elbow

The Respironics bronchoscopy elbow allows clinicians to perform bronchoscopy procedures while delivering noninvasive ventilation (NIV). The elbow is for single-use but may be autoclaved once before that use to support a sterile procedure.

### Key advantages

- Fits Respironics AF531 and PerforMax masks
- May be autoclaved before use
- Supports a range of insertion tube sizes

**PHILIPS**  
sense and simplicity

# Philips Respironics bronchoscopy elbow
